

# Anton Fedorenko

Senior Frontend Developer

As a Senior Frontend Web Developer with 8 years of experience, I specialize in highly responsive web designs and have delivered numerous projects using both traditional and Agile methodologies. I have a proven track record of designing and updating web pages for optimal user experiences utilizing JavaScript libraries and CSS frameworks such as React.js, Angular.js, Vue.js, jQuery, Redux, React-Hooks, Bootstrap, HTML5, and CSS3. My process-oriented approach and strong analytical problem-solving skills ensure seamless collaboration with team members to deliver clean code and polished presentations.

## Experience

2020-03  
- 2023-05

### Senior Frontend Developer | Mobile Developer

Cisco, Kyiv, Ukraine

- Reduced development effort by 35% through re-architecting the product using React, and Angular.
- Developed a Microsoft Word plugin with Angular and integrated it into systems.
- Developed custom e-commerce shops and websites using technologies like Vue.js, and Nuxt.js.
- Implemented state management and asynchronous API integration using NgRx and RxJS operators.
- Added support for camera on Flutter Web, including requesting available web cameras, capturing pictures and videos, and controlling camera flash and zoom.
- Created native mobile applications for iOS and Android platforms using Swift and Kotlin.
- Developed and shipped highly interactive web and mobile solutions using React, React Native, Redux, and Jest.
- Conducted mobile application development using React Native with a focus on usability and accessibility.
- Good knowledge of Atlassian tools (Bitbucket, Jira, Confluence, Balsamiq)
- Good knowledge of Jasmine and SonarQube.
- Experience with application design and architecture, in particular modern Web 2.0 front-end components.

2017-06  
- 2020-02

### Frontend Developer | Mobile Developer

Square, London, United Kingdom

- Developed reusable components using React, Typescript, Redux, and Hooks.
- Built user interfaces and business logic for web apps based on Vue 3 and TypeScript.

## Personal Info

### Email

antonfedo@outlook.com

### Address

26 Vul. Pavlova, Kovel', Volyn Oblast, Ukraine

## Skills

- HTML/CSS
- JavaScript
- TypeScript
- React
- React Native
- Angular
- Vue.js
- Jquery
- Swift
- Kotlin
- TailwindCSS
- Material UI/Chakra UI
- Git
- AWS
- Azure
- Jira
- Jest
- Mocha
- Jenkins
- Docker

## Experience

- Designed and developed responsive Web/Mobile Platform UIs using React, Typescript, Angular, and Node.js.
- Collaborated with cross-functional teams to gather requirements and deliver high-quality software solutions.
- Architected and designed cross-platform mobile apps using React Native.
- Collaborated with UX/UI designers to implement visually appealing and intuitive interfaces.
- Designed and implemented DevOps procedures for AWS infrastructure (EC2, Lambda, S3).
- Worked with Agile software lifecycle methodologies.
- Led the frontend development team in building responsive and user-friendly web interfaces using React and Angular.
- Have worked on development of information systems.
- Good knowledge of Jenkins and business process analysis.
- Good knowledge of modelling and user interface prototyping (mock-up) tools.

2015-07  
- 2017-05

### Frontend Developer

*Motive, San Francisco, California, United States*

- Designed and implemented a complex financial analytics dashboard using React.
- Developed dynamic front-end applications using TailwindCSS, React, and Redux to validate user input and provide responsive feedback.
- Created React pages with Tailwind CSS, Material UI, and Chakra UI.
- Gained proficiency in React, Typescript, and Node.js, and developed e-commerce and CRM projects.
- Developed single-page Angular applications using Angular routers and modules.
- Implemented state management using NGRX to manage the overall application state.
- Knowledge of interoperability technology (e.g. web services, REST APIs).

## Education

**National Academy of Sciences of Ukraine**

Bachelor's degree, Computer Science

September 2011 – June 2015
