Summary

Highly skilled and experienced senior full-stack developer with over 10 years of hands-on experience in developing robust and scalable web applications. Proficient in both front-end and back-end technologies, with a track record of delivering high-quality projects on time. Adept at leading development teams, collaborating with stakeholders, and solving complex technical challenges.

Major Skills:

- HTML5, SCSS/SASS/LESS, JavaScript, ECMA6, Typescript
- React.js, Next.js, Redux, React Native, Flutter, Axios, jQuery, D3.js, web3.js
- Angular, Gatsby.js, Ember.js, Vue.js, Vuex, Vuetify, Laravel, Golang, Django, Flask, Scala, Java, SpringBoot
- Bootstrap, Tailwind CSS, Material-UI, Semantic-UI, Ant Design, Fluent UI
- Restful API, GraphQL
- Jest, Mocha, Jasmine, Cypress, Karma,
- AWS, GCP, Microsoft Azure, GoDaddy, Elasticsearch
- Docker, Kubernetes
- Jira, Trello, Asana
- GitHub, Bitbucket, Gitlab

Experience

Senior Full Stack Developer

Launchmetrics

Mar 2020 - Mar 2023 (3 years 1 month)

• Lead a team of developers in designing and implementing a complex e-commerce platform using React, Node.js, and MongoDB, resulting in a 50% increase in sales.

• Developed and maintained RESTful APIs, integrating with various third-party services to enhance functionality and improve user experience.

• Collaborated with UI/UX designers to create responsive and visually appealing web interfaces, ensuring a seamless user journey.

• Implemented automated testing strategies, reducing bug count by 30% and improving overall product quality.

Full Stack Developer

Decskill

May 2016 - Jan 2020 (3 years 9 months)

• Built and maintained a scalable web application using Angular, Node.js, and PostgreSQL, handling over 100,000 monthly active users.

• Integrated third-party APIs for payment processing, user authentication, and data analytics, improving overall application functionality.

• Implemented data caching mechanisms and optimized database queries, resulting in a 20% improvement in application performance.

• Collaborated with cross-functional teams to gather requirements, prioritize tasks, and deliver projects within deadlines.

Full Stack Developer
VentureDive

Aug 2014 - Apr 2016 (1 year 9 months)

• Developed a mobile-responsive web application using React, Django, and MySQL, resulting in a 40% increase in user engagement.
• Implemented real-time features using WebSockets and Socket.IO, enabling seamless communication between users and enhancing collaboration.
• Designed and optimized database schema, reducing query time by 25% and improving overall system performance.
• Conducted code reviews and provided technical guidance to junior developers, ensuring adherence to best practices and maintaining code quality.

Full Stack Developer
Affinity

May 2013 - Jul 2014 (1 year 3 months)

• Developed and maintained a web application using PHP, Laravel, and MySQL, handling large volumes of data and providing real-time analytics to clients.
• Led the development of a customer relationship management (CRM) system using Ruby on Rails, AngularJS, and MongoDB, streamlining the sales process and improving customer satisfaction.
• Integrated with external services for email marketing, lead generation, and analytics, enhancing the CRM's functionality and providing valuable insights to the sales team.
• Implemented automated deployment pipelines using Jenkins and Docker, reducing deployment time by 50% and increasing overall productivity.
• Collaborated with stakeholders to gather requirements, prioritize tasks, and deliver a high-quality product within budget.

Education

University of Tartu Institute of Computer Science
Bachelor's degree, Computer Science
Aug 2009 - Apr 2013
